The Windsor Golf Course is a championship design and length (7,277 yds) of the course is the centre of attention and deservedly so. It threads its way through coffee farms and indigenous forests with high and low terrain, giving it character and design quality. 2184 meters par 27 - 9 holes
Mount Kenya Safari Club is an experience that the visitor must include in his or her itinerary. Nowhere in the world do you come face to face with one of nature's greatest anomalies - a snowcapped mountain lying on the equator! This exclusive rich man's retreat opened in 1959. Despite the fact that this is a 9 hole pitch and putt, composed entirely of par 3 holes, it is absolutely brutal. While the course is laid out on one of the most beautiful and serene settings in Africa, you have to be very accurate. The water hazards are many and coupling with the splendid views of Mount Kenya from virtually every hole on the course with

the variety of flowers and birds decorating it, the golfer is sure to leave Mt. Kenya with lasting memories.

Day 4 – MOUNT KENYA – NAKURU

After your sumptuous buffet breakfast, depart for Lake Nakuru National Park, a bird and rhino sanctuary, famous internationally for its flamingoes. After lunch, you will be taken on a game-drive around the park. Enjoy the stunning view of the lake from the "Baboon Cliff" lookout.

This beautiful shallow alkaline lake, just south of Nakuru town, is surrounded by acacia woodland and rich savannah. Superb example of conservation at work in the wild, it is now, with the assistance of the World Wildlife Foundation, providing sanctuary for Rothschild Giraffe, Black and White Rhino & Leopard who live in perfect harmony in this aquatic landscape. The edge of the lake is frequently a crimson ribbon of Greater & Lesser Flamingos, while pelicans & other water birds swim & fish in majestic flotilla formation.

5940 yards - par 72 18 holes
The Great Rift Valley Golf Resort on Eburru is both challenging and exciting, with golfers having to give right of way to the wild animals who have taken residence on the lush fairways and tiny islets in the ponds. Flocks of birds nest on the islets and sun themselves on the greens without batting

an eyelid at the golfers. The narrow fairways, freeform greens, uneven terrain and light wind make the golf course extremely challenging. The 18th hole at 598 metres is the longest in Kenya. This 18 hole course has superb views on extinct volcanoes, Lake Naivasha and the Mau Escarpment, while the setting is in a typical African semi desert. Zebras can sometimes be seen on the course!

Full days at Rift Valley Lodge and Golf Resort. After breakfast, spend the rest of the day playing golf. The lodge and its 18-hole golf course is perched on a hill overlooking Lake Naivasha with stunning and breathtaking views. All meals and overnight at RIFT VALLEY LODGE AND GOLF RESORT (F/B).
